# What will be doing today?

- We have a digital playfield
- and a story with riddles
- and some rules

# Rules

- During the event, don't enter one of the folders of the GitHub Repository.
  - Only the solutions.yaml is the important file for you.
  - Also browsing the javascript sources in the dev tools is not allowed.
- All riddles will affect the whole spaceship
  - When a riddle is solved every player will see changes
- Have fun
